

# OEM PROJECTS & CUSTOMIZATIONS

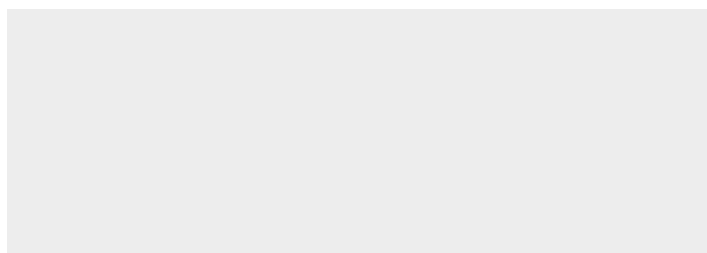

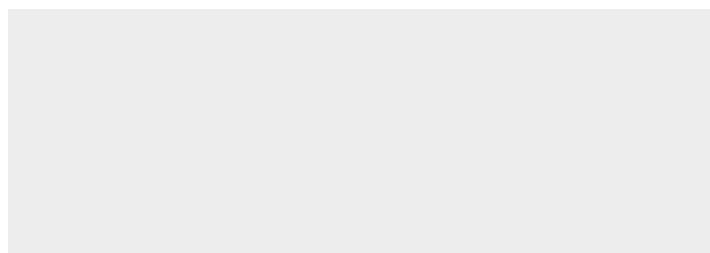

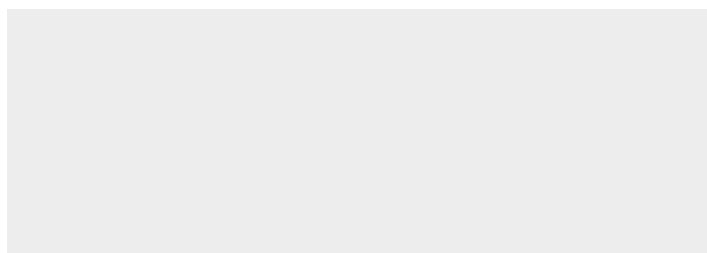

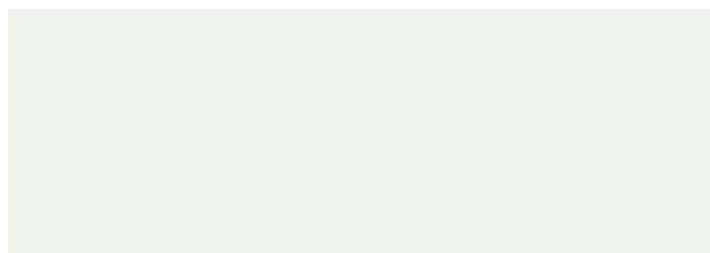

**algodue®**  
ELETTRONICA

*Innovative Electronic Systems*

## PROJECTS & CUSTOMIZATIONS

Active since 1986, we are specialists in **designing, manufacturing and customizing systems for measuring and monitoring electricity**, divided into the following categories:

Our products are entirely designed and made in Italy in our factory in **Fontaneto d'Agogna, 50 km from Milan.**

All **our products** can be **adapted, customized and developed** according to specific project or market requirements.

Our **Research & Development Dept.**, made up of qualified engineers and technicians, with the collaboration of our **sales staff**, is able to support you from **the first feasibility study**, through the **development of your type of personalization, up to its production and delivery**, ensuring high standards of quality and flexibility.

## WHAT WE DO:

## BRAND LABELLING STANDARD

### Examples of customizations:

- Front panel with customized specifications (logo, colors, buttons, etc)
- Packaging labels
- Communication parameters
- Tool Softwares
- Web Server
- User manual in two languages + Quick Guide in 4 languages

## BRAND LABELLING ADVANCED

### Examples of customizations:

- Designing customized plastic parts (custom molds)
- Implementing customized firmware functions
- Hardware reengineering

## CUSTOM DESIGN

Tailor made Hardware / firmware upon specified technical specifications.

## HOW WE WORK/OUR “PLUS”:

- Excellent knowledge of international markets and extensive experience in managing partnerships with OEM
- High Technical & Industrial Know How
- Production entirely Made in Italy
- High productivity due to rapid and adapted to handle large volumes supply chain
- Multilingual technical and commercial contact persons (ITA, ENG, D, ESP, FR)
- Constant investment and attention to innovation
- Flexible management of flow and processes
- Very short time to market
- Orientation to team work and win-win relationship
- Courtesy and professionalism
